# About us

Paul (Director)

Ewa (Accommodation Manager)

Mia (Operations)

Student London Experience is an English school based in the lovely district of Ealing, West London 25 minutes by metro from Victoria. A family school of teachers dedicated to providing good quality educational projects, classes and guided tours for foreign school groups and their teachers who want to live a true London experience in a safe environment while staying in our families or in one of our hostels in the centre.

## It's A Family Matter

Ewa, Paul and his wife Mia are locals from Ealing and have been organizing stays and family accommodation for school groups for many years.

*'The key to our success was to have the right type of families for our student groups in a safe environment and good guides with the right educational projects for students to practice their English and enjoy their tours'* Paul (Director).

We have been operating for over 15 years receiving school groups from various countries and have acquired an excellent reputation for our family care and our student project work. It's not just being shown around London, it's learning about London too, through our project work.

Being teachers was important because we know what schools are looking for on a short stay course and we organize everything from the moment you arrive in London to the moment you leave.

## We offer 3 programs:

**London Experience:** London + Family + Guided Tours + Project Work

**London Class Experience:** London + Family + Guided Tours + Project Work + Classes

**London Hostel Experience:** London + Hostel + Guided Tours + Project Work

All our tours are accompanied with projects and worksheets where students can practice the language and enjoy their visit more. Teachers can choose from various timetables we have or even work with us to create their own tours.

**ES MARIA MOLINER – Madrid**  
M.P. (Profesora de inglés)

*Our guide was excellent, he was very nice, patient, helpful and ready to adapt himself to our suggestions.*

*Students seemed to like the lessons.*

*The houses were relatively close to each other, to the tube station and to the school.*

*It was a good area for a school trip with students our age.*

**ELORRIOKO IKASTOLA – Elorrio**  
M.A. (Responsable departamento inglés)  
*All our expectations were fulfilled, and we really enjoyed our time there. Overall, the families were welcoming, and the students had a great day.*

# Programs

Choose from one of our **Student London Experiences** below which most adapt to your schools and students. Our Experiences are from 5 to 6 days and are designed so that your students can discover London in an exciting and educational way. They are ideal for students from the ages of 14-18 and must be accompanied by their own teachers who can enjoy the experience of London too.

Our guides are all English natives with many years of experience guiding groups around the capital. They are with your students all day.

## London Experience: Family + Guided Tours + Project Work

## London Hostel Experience: Hostel + Guided Tours + Project Work

A project for those schools that choose to stay with their students in a central hostel, personally selected by Student London Experience, and from where they will start their daily guided tours.

## Project Work

We have designed some great projects for your students to do around London in the museums you choose to visit and also our Get Ready To Go project that students can do before they come in class or for homework and our London Project to do in the evenings in their family. All to make their experience as interesting and enjoyable as possible.
